Task: Maine Schools Scraping Department of Education College Scorecard API

Scripts: PhaseTwo/Scraping/maine_schools_scraper.ipynb

Data: PhaseTwo/Data/maine_schools.csv

Methodology:

- Searched online for official database and found that the Department of Education provides the [College Scorecard API](#)
- Requested an API key and got accepted immediately
- Provided header: `school.state` with value `ME` to filter for Maine
- Provided header: `fields` with value `school.name` to get the higher education institutions names
- Loaded the data via json and saved to a csv

Notes:

- Notably missing University of Southern Maine. Needs to be inserted manually.
